

Achieving Supply Chain Excellence Event – What would help the “Levelling up” Agenda?

Welcome and introduction

Colin Hart (ADS)
Head of SC21

Agenda

- 14:30 Welcome and introduction: - Colin Hart, Head of SC21, ADS
- 14:35 SC21: The MOD View - John Kite, Defence Commercial Supplier Relations TL, Ministry of Defence
- 14:50 How does SC21 help reach Manufacturing, Business and Relationship Excellence? -
Ross Harrison, Senior Supplier Development Manager, Babcock International Group (Marine & Technology)
Andy Gauler, National Business Development Manager Aerospace, Defence & Additive, Righton
Blackburns Aerospace & Defence
- 15:05 Comfort Break
- 15:15 How does SC21 help reach Quality, Delivery and Supply Chain Excellence?
Pete Cracknell, Quality Assurance & Business Improvement, BAE SYSTEMS (Air)
- 15:25 - How to increase your Competitiveness and Growth?
Ian Bouquet-Taylor, Operations Director, AE Aerospace
- 15:35 - Q&A Speakers & Practitioner panel - SC21 PMO- Jeff Schutter , Basilio Briguglio, Marika De Rosa,
- 15:45 - Break
- 15:55 – SC21 Supply Chain Excellence Performance Awards ceremony –PMO and Industry
- 16:25 - Closing remarks: Colin Hart, Head of SC21, ADS

How does SC21 help the Levelling up Agenda ?

Introduction – How ?

ADS

SC21

LEVELLING UP THE UK

OUR SECTORS' INVESTMENT IN REGIONAL PROSPERITY

Future growth in the aerospace, defence, security and space sectors can secure tens of thousands of high-wage, skilled jobs and provide vital investment in every part of the UK.

Employment by sector and region

How does SC21 help the Levelling up Agenda ? Introduction

Building Sustainable Supply Chains - The Opportunity –People, Prosperity and Planet

Strengthen
our supplier
engagement

Direct emissions from operations – control or controlled sources
Fuel combustion: fossil fuels, gas, diesel etc.
Company vehicle fuel
Production

Indirect emissions from the generation of purchased electricity, steam, heating and cooling
Purchase and use of purchased electricity, heat, steam or cooling
Consumption

Includes all other indirect emissions that occur within a company's value chain
Upstream emissions linked to purchased and acquired goods and services
Downstream

Tackling climate change is central to the Aerospace industry's post-COVID recovery strategies.

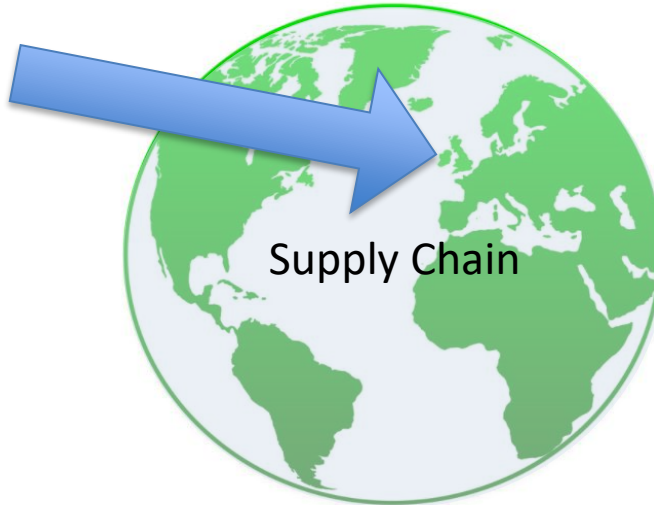

How does SC21 help the Levelling up Agenda ?

Introduction

Our Customers are looking to collaborate with their Supply Chains to deliver robust global Sustainable Supply Chains – Right Quality, Right Time, Every time

Many complexities need to be overcome to achieve Net Zero by 2050, and work is underway to define and deliver a long-term plan to get there.

UK Aviation sees a growth scenario that is compatible with our climate goals and is committed to Net Zero 2050.

SC21 provides a proven collaborative framework to evidence your Supply Chain Excellence Performance and deliver your customer's expectations
